Hi Baz,

FYI

We had another employee questioned by the Chinese police yesterday.

He seems to have been accused of organising gambling operations or something. He explained that he works for a hotel resort company and helps with visas and travel arrangements etc. They asked for a letter from his employer verifying this.

Hi Jan,

Please see the attached. It would be great to have this signed by someone in legal in Melbourne in order to protect those of us working overseas.

We will need a signed scanned copy prior to 11AM China time.

Thanks
Michael
