Subject: credit card cash out review

Hi Jason

Please find attached a paper which reviews the current usage of credit card cash outs. We have flagged some minor refinements to current policy - please see attached.

Next steps are:

- I need to confirm that the facility is 50m away from casino entry (Andrew Cairns mentioned it was close to 50m, we just need to measure it be sure)
- Provided you approve the revised policy, we will implement it in Melbourne and organise for process to be rolled out in Perth.

Best regards

Phil
