Hi Jason

As you would have seen from the last update of the s 25 progress table, we intend to brief the ERCC about the VCGLR's Risk Based Approach at the next ERCC Meeting on the 21<sup>st</sup> of May, pursuant to Recommendation 5 of the Review. We intend to do this as a presentation from the VCGLR's Regulatory Approach, which is published on its website.

I thought there might be value in asking whether there are any additional or recent materials that the VCGLR would also like to have mentioned or provided as part of this presentation – that might further inform the group as part of Recommendation 5? Please let me know if there is any supplementary material available that we could provide.

Thanks Jason.

Regards
