Many thanks, Melanie. I welcome this paper. I'm just off a call with Alex Blaszczyński on this very topic, so it couldn't be more timely. Give me a couple days to consume the content and loop back to you and the team.

Kind regards,
Steve

It is the collective view of the RGGMs the resourcing and remuneration requirements detailed in this paper are deemed vital if we are to achieve world's best practice in Responsible Gaming.

We (RGGMs) would appreciate an opportunity to speak to contents of the paper once you have reviewed and prior to it being presented to the Committee if time permits.

Kind regards,

Melanie, Luke and Rowan
