- grey book issue.
- GGR
- nothing formal from neg.
- health check. re food + hotel + corporate program
- G provided with ppt, business plans, advices provided to business etc.

② - email from Pro Tre bonus jackpot.
 + history of purchase of including in deductible (5 June).
 → police credit network (welcome back/fre credit) → benefit back on next time they come to Crown (after ban). - balance goes up in police credits - cannot cash out - treat as deductible.
 - bonus jackpots not broken down into types of jackpot.
 - message in already reports.
 - belief that WTRC would know about credit networks and deny deductible.

				purpose configuration kernel
				if deactivate networking
				system - the
(if make changes to whole
				new modules - then
				approved by techy not
				then go ahead.
				new purpose configuration
				→ send test letter of
				approval from which
				accepts parameters.
(approval of EMT so didn't
				need to get computer
				choice - this already
				had approval for that
				configuration.
				- welcome back obtained - IGT
				- originally - Dathan.

				- didn't require separate IGT approval because
				- VCCR approves underlying technology/software rather than separate types of licenses not put in place.
				- purchase sheet to save going into configuration worksheet.
				- miscellaneous don't need IGT approval for each 5/C variation of same software.
				Dyccan has ability to read this says says PGT system
				WB - all activity on machine so don't need IGT approval.
				Promoplay didn't need IGT approval b/c capped.
				\$1000 winner, and \$5 other machines in - then IGT approval needed because you need full system.

				- any time points used at deduction with in point 3.
				- if you used points for game machine then deduction right otherwise not e.g. going to buy a handbag.
				- must have no nexus to playing on gaming machine.
				- must have been spent on GM or earned on GM.
				- must be <u>police points</u>
				- e.g. during awards jackpot.
				- in system - also to a return from the machine. - connected to jackpot on card.
				- value of point deducted - e.g. \$7.50 of hamburger
				- 150 points - machine gives out \$7.50 food voucher - deducting less GST value.
				- for hotels # capax = deduction is internal buffer rate.
				- if car = deduction what Crown paid for car not retail value.

				Technical requirements docs
				- not used commonly.
				- 7.7
				- 7.1 definition - requires parameter be done be approved by D
				- 7.7.1 - approved when config instructions approved.
				- J → regulator could read 'injunctive' - internet jackpot or ATM
				ICT = hardware; ECM - software.
				↑ banking system/floor network.
				Datacom - machine monitoring
				EMS - ICT jackpot config
				ECM - datacom.
				item 8 - does not meet def of bonus jackpot b/c not using ICT.
				- Michelle to find answer.
				→ no precedence of CCA
				- represent national standards.
				- issue of whether there should be definition of bonus jackpot.
