For us.

This suggests we may need to delay our plans on establishing physical office presence in China.

Also, this raises the alert level on the safety of our staff. Recently, Nelson Wong from MGM immediately left China when he heard news of increased scrutiny on overseas casinos.

We will need to assess the threat level. I will convene a call with Wilmer Hale to get their insight and advice.

We should also discuss this week on our call the increasingly serious issues our customers are facing in moving funds to repay debts. I have a good case study to go over.

Regards
 Michael
